ZOOM MEETINGS

TO REPLACE FACE TO FACE MEETINGS DURING THE CORONA VIRUS PROTOCOL

During the next few weeks (or however long it lasts), we are going to be unable to attend face to face meetings. All of our usual meeting places have been closed and the police are now preventing people from meeting together in open spaces. For this reason, we have decided to organize a virtual meeting every day. These meetings are now going to be held on the platform Zoom which offers a better service for our needs. Although it is impossible to recreate the environment of a face to face meeting, at the moment it seems to be the best option we have and a great way of keeping in touch with everyone in our group and ensuring that we can all talk about our concerns during this difficult time..

A list of the meetings can be found below. Please follow the link
<http://zoom.us/j/633868246>

to each meeting and enter the room 10 minutes before the start time of the meeting. The host of the meeting will be responsible for the Zoom hosting and will decide the format of the meeting. There will be readings so please have your Big Book and 12 and 12 to hand if possible.
